CASE NO. 92-004

O R D E R

On January 2, 1992, Butler County Water System, Inc. ("Butler Water") filed an application for a Certificate of Public Convenience and Necessity to construct a \$1,455,700 waterworks improvement project, for approval of its plan of financing for this project, and for adjustments to its water service rates. This project will provide service to 118 additional customers. Project funding includes a \$752,000 loan from the Farmers Home Administration ("FmHA"), a \$501,100 Community Development Block Grant ("CDBG") from the U.S. Department of Housing and Urban Development ("HUD"), a \$192,200 local contribution, and \$10,400 from applicants for service in the proposed project area. The loan will be for a 40-year period at an interest rate of 5 percent per annum.

Butler Water's application was made pursuant to KRS 278.023, which requires the Commission to accept agreements between water associations and FmHA or HUD and to issue the necessary orders to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements. Given that minimum filing requirements were met in this case on January 2, 1992, KRS 278.023 does not grant the Commission any discretionary authority to modify or reject any portion of this agreement.

IT IS THEREFORE ORDERED that:

- 1. Butler Water is hereby granted a Certificate of Public Convenience and Necessity for the proposed construction project.
- 2. Butler Water's proposed plan of financing with FmHA is accepted.
- 3. Butler Water shall file a copy of the "as-built" drawings and a certified statement that the construction has been satisfactorily completed in accordance with the contract plans and specifications within 60 days of the substantial completion of the construction certificated herein.
- 4. The rates set out in Appendix A, which is attached hereto and incorporated herein, are the rates approved for service rendered on and after the date of this Order.
- 5. Butler Water shall submit its revised tariff setting out the rates in Appendix A within 30 days of the date of this Order.
- 6. Butler Water shall monitor the adequacies of the expanded water distribution system after construction. If the level of service is inadequate or declining or the pressure to any

customer falls outside the requirements of 807 KAR 5:066, Section 6(1), Butler Water shall take immediate action to bring the system into compliance with Commission regulations.

Nothing contained herein shall be deemed a warranty of the Commonwealth of Kentucky, or any agency thereof, of the financing herein accepted.

Done at Frankfort, Kentucky, this 31st day of January, 1992.
